ANNOUNCEMENTS PAGE 4

This is our 5<sup>th</sup> edition of Good News Sunday Fairfield. We want to continue bringing you good and heartwarming stories in these difficult times.

A man was at a nice restaurant that was closing due to COVID-19 and gave the waiter \$3,000. Awesome right?

Have you seen an animal on the subway? A swan that was sick got into a subway. A nice person saw the swan and helped it. This nice person's name was Rojas. Rojas worked as an employee in the Wild Bird Fund. She could tell this Swan nicked named Bae was in pain and unwell. She took Bae to the clinic. So, just like this nice person if you see an animal you should call a professional.

Do you get lucky sometimes? Well, one man really did. Josua Hutagalung was minding his own business when **Boom!** A Metroid that was 4 billion years-old and was 4.5 pounds fell in his store and he found out that it was a rare CM1/2. In Space-Rock Market that would be **\$1,858,556!** That is a lot of money.

We know it is hard to do Birthday's now but you can have fun at home. All you need is your family and your imagination. My friend Jacqueline and her dad built an amazing present! Do you want to know what that present was? It was no ordinary present it was...A tour around the world! They made a cardboard plane and guess what? Each room was a different place in the world like Rome, Paris, London... Go ahead and use your imagination.

The vonB's have had a pleasant surprise in their mailbox. They would like to know who is dropping these kind surprises to thank them. If you are the kind person or have any ideas/tips please email us at [goodnewssundayfairfield@gmail.com](mailto:goodnewssundayfairfield@gmail.com).

## **Research Abraham Lincoln And Galaxies**

### Abraham Lincoln

Abraham Lincoln was the 16<sup>th</sup> president during 1861-1865. Abraham Lincoln led America through the Civil War. Fun Fact: Abraham Lincoln made thanksgiving a national holiday in 1863 “to unite the nation during the civil war.”

Abraham Lincoln was born Feb,12,1809 in Hodgenville. Mary Todd Lincoln was Abraham Lincoln’s wife. Robert Todd, Tad, William Wallace and Edward Baker are the four sons of Abraham Lincoln.

Abraham Lincoln has no direct descendants. Abraham Lincoln died in April, 15,1865 soon after being re-elected. Edward died first then in 1862 William died and after Abraham died Tad died. Then it came to the last son, Robert Todd Lincoln. Robert Todd Lincoln had two daughters and one son. That son died when he was 17. The daughters’ descendants had no children. That’s the Abraham Lincoln family tree.

Abraham Lincoln made a lot of history in America.

### Galaxies

Dust, icy rocks, and stars come together in clusters called “galaxies.”

Do you know how many stars are in galaxies? Well, there are around “10 million to 1 trillion stars in each galaxy.” There are 3 types of galaxies:

#### **#1 Irregular**

Irregular galaxies have “an undefined shape.” Irregular galaxies have young stars and a lot of dust and gas.

#### **#2 Spiral**

Spiral galaxies look like discs

Fun Fact: the milky way is a spiral galaxy.

Spiral galaxies have middle age stars and a good amount of dust and gas

#### **#3 Elliptical**

Elliptical galaxies look like a “flatten sphere.”

Elliptical galaxies have old stars and not much dust and gas

In most galaxies in the center there is a black whole.

Do you know that galaxies are moving apart from each other?

It is true, galaxies are going apart from each other.

Ever since the big bang the galaxies are going apart from each other.

galaxies are very cool and I hope you learned something from galaxies.

Did you know that laughter is good for you? Laughter triggers the brain to release endorphins which causes joy. We hope this joke makes you laugh 😊.

Why does everyone like frosty? Because he is cool.

What did the pond say to the pier? Nothing he just waved.

Reading helps your brain. Here are some good book recommendations:

- for all ages: The One and Only Ivan by Katherine Alice Applegate.
- graphic novel: Amulet by Kazu Kibuishi.
- for older kids: The Michal Vey series by Richard Paul Evens.
